Ai in Business Survey Report SP25.pdf;

Hi Jarrod,

I was able to work with Layne on the submission of the EPAF for your facilitation this past week. You should expect that on your April 15<sup>th</sup> paycheck.

I have attached the survey report from your session. Overall, the feedback was extremely positive and most answered "Strongly Agree" to the prompts. Let me know if you have any follow up questions as you review it.

It seems like there were a few comments about a more advanced type of AI course offering in the future. I know you spoke individually to both Sue and me about brainstorming any program additions centered around AI. Let me know if you think of any type of programs that could be added into our Fall one-day program calendar. I also know we spoke about doing shorter, lunch and learn type of AI programs as well. This is something that could definitely be of interest for our private programs.

If you would like to set up a time here soon to discuss all of these possibilities with Sue and me, please let me know a good time in the upcoming weeks.

Have a great weekend.

Thanks,  
Ansley

Thanks! Also, I would love to know how the survey results are shaping up.
