Jarrod

Thanks for taking time on Saturday to facilitate a great conversation with the cohort – feedback was terrific! I'm glad you enjoyed teaching them, they were a great group.

Ansley Sheridan with XLC is processing your payment, I have copied her in on this message and she can tell you more about the process.

Looking forward to working with you again soon!

Jenifer

Subject: TDIL Follow-up

Greetings,

I hope you both had a lovely weekend. I am following up to see if you received feedback on my time with the cohort. It was a lot of fun. I feel much more comfortable teaching older and experienced students than I do undergrads, so it was a great experience for me. Thanks for the opportunity to be there.

When you have a moment, could you describe when and how I will be compensated for the talk? No rush, just curious when it will be a part of my direct deposit.

Thanks again,
JH
